Dear Sir/Madam:

**Re: Notification of Change of Address/Ownership
Reference Number 9542-ATKRV8**

The Ministry of the Environment (the "Ministry") acknowledges receipt of your letter dated June 23, 2017 requesting a change in company address/ownership:

FROM: Dallas Haul Inc.
Box 608
Sarnia, Ontario
N7T 7J4

TO: 2582822 Ontario Inc.
Dallas Haul
1507 Petrolia Line
Corunna, Ontario
N0N 1G0

By this letter, the Ministry advises you that your notification of change in company address/ownership has been registered in our records for the following Approval(s):

[Approval(s) – Project type: Waste]:

A800184

The Ministry will not be providing you with an amended approval(s) to reflect the change in company address/ownership. Therefore, this letter must be appended to its corresponding approval(s). The address/ownership change will be included in any future amended approval(s).

If you have any questions regarding the above, please contact me at the above phone number.

Yours truly,

A handwritten signature in cursive script that reads "Williams".

Shannon Williams

Provisional Certificate No.

A 800184

PROVISIONAL CERTIFICATE OF APPROVAL FOR A WASTE MANAGEMENT SYSTEM

Under the Environmental Protection Act and the regulations and subject to the limitations thereof, this Provisional Certificate of Approval is issued to:

Dallas Haul Inc.
Box 608
Sarnia, Ontario
N7T 7J4

for the Waste Management System serving Industries in Ontario and including the approved or provisionally approved waste disposal sites and facilities listed below.

SITE CERTIFICATE No.

EXPIRY DATE

and

subject to the following conditions:

As per the attached Schedule "A"

Dated this 11th day of March, 1986

Deputy Minister of the Environment

Company.

The letters dated July 21, 1988, January 26, 1989, October 23, 1989, February 20, 1990 and March 18, 1993 from Hugh Evans of the Ministry of the Environment and Energy as part of the application listed below:
Except as otherwise provided by these conditions, the waste management system shall be operated in accordance with the applications submitted for this Provisional Certificate of Approval dated February 19, 1979 and August 2, 1985 and with the supporting information submitted to the Ministry of the Environment and Energy as part of the application listed below:

- e) "subject waste" means subject waste as defined in Section 1 of Ontario Regulation 347 and includes non-hazardous liquid industrial and hazardous solid waste pursuant to this Provisional Certificate of Approval.
- d) "Certificate" means the entire Certificate of Approval including its schedules, if any, issued in accordance with Section 27 of the Environmental Protection Act; and
- c) "the District Officer" means the District Officer of the Ministry of the Environment and Energy for the geographic area in which the waste described in conditions 3 and 4 is located;
- b) "the company" means only Dallas Haul Inc.
- a) "the Director" means the Director, Approvals Branch, Ontario Ministry of the Environment and Energy;

For the purpose of this Provisional Certificate of Approval:

subject to the following conditions:

the Waste Management System serving the Province of Ontario

LAS Haul Inc.
Box 608
nla, Ontario
7J4

the Environmental Protection Act and the regulations and subject to the limitations thereof, this Provisional Certificate of Approval is issued to:

10. All asbestos waste in bulk shall be collected, handled and transported in accordance with the Ministry of the Environment's "Guidelines for the Handling, Transportation and Disposal of Asbestos Waste in Bulk", dated May, 1984.

- (a) A copy of this Provisional Certificate of Approval, is being operated or contains any waste;
 - (b) A certificate verifying the driver's successful completion of a training and safety program, as required by Regulation 347, and;
 - (c) A certificate of vehicle liability insurance specifying that it provides coverage of a minimum of one million dollars (\$1,000,000.).
- The following documents shall be with each vehicle operated pursuant to this Provisional Certificate of Approval at all times that the vehicle is being operated or contains any waste:

Every vehicle utilized to collect and transport subject waste pursuant to this Provisional Certificate of Approval shall be insured under a vehicle liability policy for a minimum of one million dollars (\$1,000,000.) until such time as this Provisional Certificate of Approval is revoked.

Any addition, deletion or other change to the fleet of vehicles, trailers and equipment (i.e. year, make, model, serial number, licence number and ownership of each vehicle, trailer or piece of equipment) in particular those which are leased or rented, shall be reported to the Director of the Approvals Branch of the Ministry of the Environment and Energy within fourteen (14) days of any such change.

All waste shall only be transported in a covered vehicle.

Waste shall only be delivered to a waste disposal site or facility which has a Certificate of Approval or a Provisional Certificate of Approval, and only where the waste being delivered complies with the certificate of Approval or Provisional Certificate of Approval of the receiving waste disposal site or facility.

In addition to the collection and transportation of the waste outlined in the previous condition, this waste management system is also approved under this Provisional Certificate of Approval to collect and transport non-hazardous solid industrial waste including asbestos waste in bulk.

The operation of this waste management system is limited to the collection, handling and transportation of non-hazardous liquid industrial and hazardous solid waste class no(s). 111-114 inclusive, 121-123 inclusive, 131-135 inclusive, 141-150 inclusive, 211-213 inclusive, 221, 222, 231-233 inclusive, 241, 242, 251-254 inclusive, 262-270 inclusive, 281, 282, 311 and 321 as described in the "Ministry of the Environment Waste Classes", as amended, April 29, 1985.

14. The obligations imposed by the terms and conditions of this certificate of approval are obligations of due diligence.

11) In all matters requiring the interpretation and implementation of this certificate, the conditions of the certificate shall take precedence, followed in descending order by the company's application and the documentation, referred to in this certificate, which is submitted in support of the application.

13. 1) The requirements of this certificate are severable. If any requirement of this certificate, or the application of any requirement of this certificate to any circumstances, is held invalid, the application of such requirement to other circumstances and the remainder of this certificate shall not be affected thereby.

(d) sample and monitor at reasonable times for the purposes of assuring compliance with the conditions of this certificate.

(c) inspect at reasonable times any facilities, equipment (including monitoring and control equipment), practices, or operations required by the conditions of this certificate; and

(b) have access to and copy, at reasonable times, any records required by the conditions of this certificate;

(2) (a) enter at reasonable times upon the premises where the approved waste management system is located, or the location where the records required by the conditions of this certificate are kept;

(1) carry out any and all inspections authorized by section 156, 157 or 158 of the Environmental Protection Act, as amended from time to time, of any place to which this certificate relates; and, without restricting the generality of the foregoing, to:

• The company shall allow Ministry personnel, or a Ministry authorized representative(s) upon presentation of credentials, to:

• The company shall promptly take whatever steps are necessary to contain and clean up any spills of waste which have resulted from the operation of this waste management system.

(1) The company shall notify the Director in writing of any of the following changes within thirty (30) days of the change occurring:

(a) change of owner or operator or both;

(b) change of address or address of new owner;

(c) change of partners where the company is or at any time becomes a partnership, and a copy of the most recent registration registered under the Business Names Act shall be included in the notification to the Director;

(d) change of name of the corporation where the company is or at any time becomes a corporation, and a copy of the most current "Initial Notice or Notice of Change" (Form 1, 2 or 3 of O. Reg. 182, R.R.O 1980, as amended from time to time), filed under the Corporations Information Act

1) Extra-Provincial Licence filed under the Extra-Provincial Corporations Act

11) Articles of Incorporation, Forms 3 and 6, filed under the Canada Business Corporations Act, from Consumer and Corporate Affairs Canada shall be included in the notification to the Director;

(e) change in directors or officer of the corporation where the company is or at any time becomes a corporation, and a copy of the most current "Initial Notice or Notice of Change" as referred to in (d), supra.

(2) In the event of any change in ownership of the waste management system the company shall notify the succeeding (new owner) company of the existence of this certificate, and a copy of such notice shall be forwarded to the Director.

(3) The company shall ensure that all communications made pursuant to this condition will refer to this certificate number.

16. This Provisional Certificate of Approval issued under Part V of the Environmental Protection Act for this waste management system. The approval given herein, including the terms and conditions set out, replaces all previously issued approvals and related terms and conditions under Part V of the Act for this waste management system.

The reasons for the imposition of these conditions are as follows:

The reason for condition 2 is to ensure that this waste management system is operated in accordance with the application for this Provisional Certificate of Approval and the supporting information submitted therewith and not on a basis or in any way which the Director has not been asked to consider.

The reason for conditions 3 and 4 is to ensure that this waste management system is only used to collect, handle and transport waste which it is able to in a suitable manner as the transportation of waste which this waste management system is not able to collect, handle and transport may create a nuisance or result in a hazard to the health and safety of any person or the natural environment.

The reason for condition 5 is to ensure that this waste management system is used to transport waste only to waste disposal sites or facilities that have been approved by the Ministry of the Environment and Energy to receive the waste which this waste management system is delivering under this Provisional Certificate of Approval, and that by accepting the waste being delivered by the waste management system, the waste disposal site and facilities will not be out of compliance with its certificates of Approval or Provisional Certificates of Approval.

The reason for condition 6 is to ensure that waste particulates are not emitted to the environment as any such emission may result in a hazard to the health and safety of any person or the natural environment.

The reason for condition 7 is to ensure that all vehicles, trailers and equipment including those leased or rented for operation under this Provisional Certificate of Approval have been approved as part of a suitable waste transportation system to collect and transport waste as an unsuitable waste transportation system could result in a hazard to the health and safety of any person or the natural environment.

The reason for condition 8 is to ensure that every vehicle operated under this Provisional Certificate of Approval is adequately insured under a vehicle liability policy. The transportation of subject waste in a vehicle that has not been adequately insured under a vehicle liability policy would not be in the public interest.

The reason for condition 9 is to ensure that all waste carriers have met and are operating in compliance with the standards for waste management systems outlined in Regulation 347.

- 14. The reason for condition 16 is to clearly set out and consolidate the current provisions of the approval covering the company's operations of the waste management system including the terms and conditions for this approval. By amending and re-issuing this Provisional Certificate of Approval in this manner all interested parties are aware of the rights and obligations of the company imposed by this approval.
- 13. The reason for condition 15 is to ensure that the waste management system is operated under the corporate, limited or the applicant's own name which appears on the application and supporting information submitted for this Provisional Certificate of Approval and not under any name which the Director has not been asked to consider.
- 12. Condition 14 is required to clarify that the terms and conditions of this certificate of approval impose a standard of due diligence and not absolute liability.
- 11. Condition 13 has been included to clarify the legal rights and obligations of this Provisional Certificate of Approval.
- 10. The reason for condition 12 is to ensure that the appropriate Ministry staff have ready access to the waste management system to inspect the company's operations that are under this Provisional Certificate of Approval. The condition is supplementary to the powers of entry afforded a Provincial Officer pursuant the Environmental Protection Act, as amended.
- 9. The reason for condition 11 is to ensure that any waste spilled onto the vehicle is promptly contained and cleaned up to minimize the risk of further spillage or the discharge of waste from the vehicle to the environment and to ensure that the proper officials of the Ministry of the Environment and Energy are notified and able to give direction to the company to ensure the complete decontamination of the vehicle and clean up of the spilled waste.
- 8. The reason for condition 10 is to ensure that all asbestos waste in bulk is collected, handled and transported in a safe and environmentally acceptable manner which will not result in a hazard to the health and safety of any person or the natural environment.

C.C. O. Wigle

Environmental Protection Act

T. D. Armstrong, P. Eng.
Director,
Section 39,
Environmental Protection Act

DATED AT TORONTO this 26th day of March, 1993.

The Director,
Section 39, Environmental Protection Act,
Ministry of the Environment and Energy,
250 Davisville Avenue, 3rd Floor,
Toronto, Ontario,
M4S 1H2

AND

The Secretary,
Environmental Appeal Board,
112 St. Clair Avenue West,
Suite 502,
Toronto, Ontario,
M4V 1N3

This Notice must be served upon:

And the Notice should be signed and dated by the appellants.

- 3. The name of the appellant;
- 4. The address of the appellant;
- 5. The Certificate of Approval number;
- 5. The date of the Certificate of Approval;
- 7. The name of the Director;
- 8. The municipality within which the waste management system is located.

In addition to these legal requirements, the Notice should also include:

- 1. The portions of the approval or each term or condition in the approval in respect of which the hearing is required, and;
 - 2. The grounds on which you intend to rely at the hearing in relation to each portion appealed.
- You may by written notice served upon me and the Environmental Appeal Board within 15 days after receipt of this Notice, require a hearing by the Board. Section 142 of the Environmental Protection Act, S.O. 1990 c. E-19, provides that the Notice requiring the hearing shall state:

3. The reason for condition 5 is to ensure that the waste management system is only used to take waste materials to waste disposal sites or facilities that have been approved by the Ministry of the Environment, or the appropriate corresponding regulatory agency, to accept the waste or this system is approved to collect, handle and transport under this Provisional Certificate of Approval. Taking these materials elsewhere may create a nuisance or may result in a hazard to the health and safety of any person or the natural environment.

(1i) where the waste disposal site is currently operating under a valid approval issued by the appropriate provincial or state regulatory agency which permits the acceptance of that waste.

(b) All waste listed in conditions 3 and 4 which are destined for a waste disposal site outside of the Province of Ontario shall only be transported to the provinces or states listed in Schedule "A"; (1) where the Company is transporting under a valid waste transporter permit or licence issued by the appropriate regulatory agency for that province or state; and

5. (a) All waste pursuant to this Provisional Certificate of Approval, listed in conditions 3 and 4 which are destined for a waste disposal site in Ontario shall only be transported to a site which is currently operating under a Certificate of Approval or Provisional Certificate of Approval, regulatory exemption or other written approval of the Ministry of Environment and Energy which permits the acceptance of that waste at that site.

Condition No. 5 and Reason No. 3 of your Provisional Certificate of Approval are hereby revoked and replaced with the following updated condition and reason:

You are hereby notified that Provisional Certificate of Approval No. A 800184 dated March 26, 1993 is being amended as follows:

NOTICE
3 of 3

In accordance with Section 139 of the Environmental Protection Act, R.S.O. 1990 c. E-19, you may by written notice served upon me and the Environmental Appeal Board within 15 days after receipt of this Notice, require a hearing by the Board. Section 142 of the Environmental Protection Act, as amended provides that the Notice requiring a hearing shall state:

1. The portions of the approval or each term or condition in the approval in respect of which the hearing is required, and;
 2. The grounds on which you intend to rely at the hearing in relation to each portion appealed.
- In addition to these legal requirements the Notice should also include:

3. The name of the appellant;
4. The address of the appellant;
5. The Certificate of Approval number;
6. The date of the Certificate of Approval;
7. The name of the Director;
8. The municipality within which the waste management system is located;

And the Notice should be signed and dated by the appellant.

This Notice must be served upon:

The Secretary,
Environmental Appeal Board,
